

## **Defense Solutions Holdings Inc. / DFSH Adds CamelBak® Products to its Offerings in Iraq**

EXTON, Pa., May 19, 2009 -- Defense Solutions, Inc., an international project management and executive consulting firm, a wholly owned subsidiary of Defense Solutions Holding, Inc. (OTC Bulletin Board: [DFSH](#) - [News](#)), announces that the Company is an authorized distributor of CamelBak® Hands-Free Hydration™ Systems to the military and law enforcement markets in Iraq.

CamelBak Products, LLC, a privately-held company known for its cutting edge hydration technology and headquartered in Petaluma, California, is the originator and world leader in hands-free hydration systems. Since 1991, CamelBak® has built a reputation with first responders, law enforcement officials and military personnel as the product of choice when seeking state-of-the-art hydration systems. Its hydration systems are standard issue to US Army personnel under the Rapid Fielding Initiative and the systems of choice for the Navy's SEALs, the Army's Rangers, the RECON Marines and the Air Force Special Forces of the United States.

“Our corporate commitment is to provide the very best equipment to personnel in the military and law enforcement communities. CamelBak® products are certainly consistent with our firm’s commitment, and we are very pleased to be able to provide the CamelBak® product line to the Iraqi market,” commented LTC (Ret) John A. Little, President of Defense Solutions. “Defense Solutions is continuing its process to secure multiple commercial partners in order to provide Iraq and its government the products and equipment needed to defend and rebuild their country.”

### **About Defense Solutions:**

Defense Solutions Holding, Inc. is headquartered in Exton, PA with offices on four continents. Established in 2001, Defense Solutions’ founding corporate philosophy is to deliver the world's best solutions to our service members so they can perform their jobs with minimal risk. Defense Solutions has consulted with and worked for US Federal and State departments and agencies, the White House, and international allied organizations including the Iraqi Ministry of Defense, the North Atlantic Treaty Organization (NATO), and the Multi-National Force in Iraq to devise and implement strategies supporting armed forces and civilian programs. Many of these programs directly support US and allied soldiers in combat and veterans in retirement. Defense Solutions’ European office maintains exclusive agreements with European partners to deliver several world-class technologies and capabilities to US and allied nations to include new production and retrofit of armored and combat vehicles, spare parts, and ammunition, supported by end-to-end integrated logistics, training, and maintenance solutions.

### **Forward-Looking Statements:**

Certain matters discussed in this release may constitute “forward-looking statements.” Actual results and the timing of certain events may differ materially from those indicated by such forward-looking statements due to a variety of risks and uncertainties, many of which are beyond Defense Solutions’ ability to control or predict, including, but not limited to, risks and uncertainties outlined in reports filed by Defense Solutions with the Securities and Exchange Commission.

The statements made herein are made as of the date of this release, and Defense Solutions undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. You should not place undue reliance on forward-looking statements contained in this press release, and Defense Solutions undertakes no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise.
